STRUCTURE ● IN SOFT SANDSTONE

Rooted in the quiet intelligence of nature,
organic form becomes calm, tactile expression.

Simply by Nature

Drawing on the textures, rhythms and tones found in nature, **Simply by Nature** delivers a refined expression of biophilic design. Gentle pattern and earthy character work together to create environments that feel calm, welcoming and inherently connected to the world outside.

STRUCTURE ● IN SOFT SANDSTONE

Arrange and Structure

Arrange offers a quieter textural effect, mimicking uneven natural surfaces through layered detail. Soft graduated tones create subtle colour shifts inspired by nature, while the small-scale pattern introduces gentle variation.

Structure presents a bolder expression, retaining the quieter textural elements of Arrange. Inspired by traditional cobblestone paving, its fragmented pattern varies from tile to tile for a balanced, organic composition. Designed to work beautifully together or independently, both styles share complementary texture and design details.

ARRANGE ● IN SOFT SANDSTONE

Quiet Foundation Palette

A refined composition of calming neutral greys that create a versatile and enduring foundation. Slate Lazurite, Polished Stone and Anthracite work in quiet harmony, bringing depth through texture rather than contrast. Fluid transitions and layered surfaces evoke a sense of effortless movement, elevating the overall space with understated sophistication.

ARRANGE ● IN ALABASTER MARBLE

Earthbound Palette

A warm expression of nature through a palette of timeless beige tones. Inspired by drifting sands, soft woods and sunlit landscapes, Soft Sandstone, Linen and Mellow Stone bring a sense of grounding and tranquillity to the built environment. Gentle transitions and layered textures create an inviting atmosphere where comfort and sophistication exist in perfect balance.

ARRANGE ● IN SOFT SANDSTONE

Redefined Horizon Palette

A contemporary interpretation of natural materials, where warm sand tones meet cool greys and soft blues in a harmonious composition. Nickel, Alabaster and Marble provide a nuanced foundation, while deeper walnut-inspired shades frame and elevate the palette. Rich textures and expressive patterning create depth, movement and a refined connection to the natural world.

From Past to Future

A refreshed collection with a softer tonal palette, evolving beyond Metallic Beige into lighter, warmer hues that bring greater versatility to warm neutral colour solutions. More saturated accent tones, including Misty Mineral, Steel Blue, Red Clay, Rock Salt, and an earthy interpretation of Verdite Green – introduce renewed depth and character to the range.

This forward-looking palette offers a fresh perspective on the collection, designed to work seamlessly alongside other styles in the Shaw Contract portfolio.

ARRANGE ● IN STEEL GREY

Effortlessly Premium

Enhanced by a refined mix of textures, the collection creates an effortlessly premium look, lifting the mid-point style to a new level of versatility, complementing other styles across our collections.

Seven existing colours have been retained and joined by nine new additions, creating a comprehensive palette of 16 colourways available in both Arrange and Structure styles.

No Rules

Be random. Install your tiles in any configuration you choose. Unique colour patterning, layered textures and gradations blend dye lots seamlessly for a consistent appearance.

Take a sustainable stance. This collection is a **No Rules** product that can be installed in any orientation, making installation easier and tile replacement simpler when needed. Flexible installation and mergeable dye lots help reduce waste throughout the product's life cycle.

LRV & L*: Light Reflectance Values

LRV is a measurement that indicates how much light a surface reflects and how much it absorbs.

Understanding the Light Reflectance Values of surfaces enables interior lighting levels to be optimised and colours to be contrasted. Designers can use the L* value for determining lighting levels or the LRV (Y) value to compare the carpet tile colours to edgings and other surface finishes.

Other style LRVs can be found on the Shaw Contract website.

People Together, Planet Forever is our **promise**.
Neutral is not enough is our **call to action**.

We are one planet. We cannot afford to be neutral. We must make changes and take action together. *Together, we are Design Optimists.*

MATERIAL HEALTH

Together, we design and manufacture products to optimise human environments.

Cradle to Cradle Certified®

Our products are verified as being safe, circular and responsibly made. Over 90% of products are Cradle to Cradle Certified®.

Indoor Air Quality

People spend 90% of their time indoors, making these environments critical to our wellbeing. These products are GREENGUARD Certified, meeting the California Department of Public Health (CDPH) indoor air quality standards for low-emitting products.

Product Transparency

Simply by Nature collection has a Health Product Disclosure (HPD), which is a transparent disclosure of product content and associated health information.

CARBON IMPACT

Together, we are a positive force in the global effort to collectively fight climate change.

Carbon Neutral Manufacturing

Our manufacturing facility in Scotland runs entirely on electricity from renewable sources.

Low Embodied Carbon

EcoSolution Q100™ is a high-performance nylon fibre made from 100% recycled content. Flooring products like EcoWorx® and EcoWorx S®, made with EcoSolution Q100™ fibre, reduce carbon impact by 42% compared to traditional carpet tiles.

CIRCULAR ECONOMY

Together, we practice a closed-loop approach to sustainability.

re[TURN]™

We Want it Back

At the end of its useful life, we will reclaim and recycle EcoWorx®, EcoWorx S® and EcoWorx™ Resilient styles to make more EcoWorx products. Since 2006, we have reclaimed and recycled nearly 500 million kilograms of post-consumer flooring, reducing landfill waste.

DIVERSITY & INCLUSION

Together, we nurture an environment where every voice and perspective can be heard, with equal value placed on seen and unseen experiences.
